## FUSION TICKET IS NOW PLANNED

Get-together Meeting of Repub-  
licans and Progressives  
Held Saturday

JOINT-COMMITTEE NAMED  
TO CARRY OUT WISHES  
OF THE CONFERENCE

A get-together meeting was held Saturday at Madisonville by Republicans and Progressives with the purpose of planning for a combining of the tickets of each of these organizations into one fusion ticket to be made up of the candidates now on the two tickets with addition of any others necessary to fill the ticket. The organization of the two branches of the republican party were officially represented in the meeting and expressions were had that all the candidates concerned were in full harmony with the plan to combine the strength of the two organizations under a common device. Everybody present was in favor of co-operation and mutual concession for the common good and to put aside all past differences in a strong pull together for a fusion ticket. The net result of the joint meeting was the naming of a steering committee to take the tickets in hand and endeavor to carry out the expressed wish of the meeting and of the candidates on both tickets. This committee was made up of L. R. Fox, Thor. E. Finley and M. K. Gordon, for the Progressives, and C. J. Waddill, T. L. Bell and Paul M. Moore, for the Republicans.

A preliminary meeting of the committee was held Monday afternoon and it is understood that plans were discussed for carrying out of their instructions from the joint meeting held on Saturday, but no announcement has been made as to what, if anything definite, the committee may have done.

### IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" ends Indigestion, Gas, Dyspepsia and Stomach Mis-  
ery. In five minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these 50 cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.

## CIRCUS COMING TO EARLINGTON SEPTEMBER 22

Gentry Shows In Earlington Next Monday

After an absence of several years Gentry Bros. famous dog and pony show, which is so well known and so well liked in this city, returns on Monday, Sept. 22, for two performances.

Next to Santa Claus comes the Gentry Bros. Shows. Shows in the hearts of the children, and to them, at least, this event will prove of more importance than any happening of the year.

There are many "grown-ups" for that matter, who enjoy themselves more at a Gentry performance than they do at the bigger and more pretentious circuses. Distinctly in a class by themselves, Gentry Bros. holds a warm spot in the hearts of all amusement lovers.

It is a high toned, moral and entertaining exhibition and appeals especially to ladies and children. This is the first visit to Earlington in several years of this world renowned show and every citizen of the community should attend at least one of the two performances to be given here. One of the many big features to be seen will be a "Monkey Fire Department."

The circus will be on the regular Show Grounds. The Admission will be 25 and 35c.

MOTHER! IS CHILD'S  
STOMACH SOUR, SICK?

If tongue is coated or if cross, feverish, constipated give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "sides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

#### FOREST NOTES

Two million trees will be planted  
on the National Forests in  
Utah, Nevada and Southern Idaho  
during 1914.

Makers of small hickory handles  
for hammers, chisels, and the  
like, are now trying to use the  
waste from mills, which make  
hickory spokes and pick and ax  
handles.

There is much waste in getting  
out the flawless White oak nec-  
essary for tight barrel staves.  
The forest service is trying to get  
manufacturers of parquetry floor-  
ing to use some of this waste.

The U. S. Consul at Aberdeen,  
Scotland, thinks that American  
manufacturers may have a chance  
to compete in furnishing staves  
for fish barrels. There has been  
a recent rise in the price of spruce  
and fir staves from Sweden and  
Scotland.

Four new state forests have  
recently been added to those in  
Hawaii, making 27 in all, with an  
aggregate of 683,101 acres.  
Of this amount, 67 per cent be-  
longs to the territory, the rest  
being private land administered  
by the territorial forest office.

## "V-A-C-O-G-A-S"

The strongest argument for Vacogas as a fuel for lighting, cooking and heating are:

1st. It's Economy—Which costs approximately 20¢ per gallon. 2 Gallons of gasoline produces 1000 cubic ft. of gas.

2nd.—It's Conviences—generated by an automatic process, without the necessity of applying heat to form gas. Always at hand any time, day or night, by merely opening the valve and applying a match.

3rd.—It's Efficiency—For any purpose it is the most efficient fuel obtainable since there is no waste of heat, the fires being extinguished by closing the valve as soon as the food is cooked, or the room is warm no loss up the chimney or flue, or in transmission of heat from room to room.

4th. It's Safety—Vacogas is non-explosive, non-poisonous, non-asphyxiating.

5th.—It's Cleanliness—There is absolutely no smoke, soot or odor resulting from the combustion of Vacogas.

All of these features make this gas one of the most universally desired conveniences for any domestic use, and they are so wide reaching in their various adaptabilities that every member of the family will appreciate at least one or more of the advantages derived from that system.

A call from you at our store will be greatly appreciated, where you can see the machine in operation and get a detailed examination of its workings and accessories.

Crop Reports For Kentucky ISSUED SEPTEMBER 10, 1913

The general condition of crops in Kentucky as of September 1st is anything but encouraging. On August 1st an estimate was made by the various crop reporters in the State with the hope that rain would fall. Scattered rains did fall during the latter part of August, but they were either not sufficient or soon enough to make the first of September estimate of the crops even as high as the estimate of August 1st.

Corn has dropped to a condition of 58-4 percent, which means but little more than a half-crop. Barley tobacco still remains at 65 per cent, but dark tobacco has dropped to a condition of 54 per cent. Alfalfa is 70 percent, cowpeas 84 percent and soy beans 72 percent of an average crop.

The spring sown clover shows an average condition of 63 per cent. The leguminous crops have held their own better than any other crop during this drought. Bluegrass is given at 60 per cent, orchard grass at 62 per cent and pastures as a whole are very inferior.

Live stock has suffered very materially on account of short pastures and scarcity of water. The condition of horses is given at 90 per cent, cattle 88 per cent, hogs 85 per cent and sheep 92 per cent. The condition of poultry has likewise declined. Chickens are given as 92 per cent, turkeys 80 per cent and ducks 85 per cent.

All kinds of fruits have deteriorated. Apples are small, many dropping from the trees, and their condition is shown as 67 per cent, peaches 74 per cent, plums 58 per cent and pears 58 per cent. Garden conditions are deplorable, dropping to 44 per cent.

Abundant rain falls would not help anything as far as this year's crop is concerned. The corn crop would grow worse instead of better should abundant rains fall now; the same is true of tobacco. The danger in the curing period for corn and for tobacco is in having an excessive amount of moisture. Rains now would only have a tendency to spoil what is left of these two crops.

Moisture is needed very badly for fall seeping, and would benefit next year's crop in this respect. Good rains would improve fall pastures. Water for stock is a serious problem in many localities and many fires are reported as a result of the dry weather. A match dropped in pastures in the condition in which they are at present is almost like dropping a spark in a powder magazine. The water supply in many towns to the State has given out, and fire losses as a result of the drought are bound to be great.

One hundred and fifteen estimates of the cost of growing an acre of corn show an average estimate of \$18.95. Last month's estimate of the cost of growing an acre of wheat was \$10.16. It is interesting to note that the general opinion is that it costs \$8.79 more to grow an acre of corn than an acre of wheat. Last year's corn production in Kentucky was 80.4 bushels per acre. The present report would indicate a yield of about 18 bushels per acre for this year. Corn would have to bring about 77 cents per bushel on the average, based on this estimate of \$18.95, to pay the actual cost of production.

J. W. NEWMAN, Commissioner of Agriculture.
